**Invitation for parents to an information evening  
„ Supporting with fun – together towards school success”**

**Tuesday, April 2<sup>th</sup> 2019, 19:00 until approx. 20:30, Mehrzweckraum Rudolfstetten**

Dear parents

In two years your child will start school. Nevertheless, we are already inviting you to a parent-teacher conference.

From our point of view and experience we know that your child's school success does not happen by chance.

Parent's support throughout the development of children is very valuable and important. During the course of the evening you will receive useful information and suggestions on how you can support your children holistically in their development and thereby enable them to start school successfully. Movie sequences and practical tips to be used at home with your children will be presented as well as a craft table.

Participating in daily situations will help your child make steps in his/her development. You will receive documents which will contain a number of possibilities to integrate these tips in your daily routine.

The evening will close with an aperitif.

Please send the enclosed registration back by email or by mail until March 26<sup>th</sup> 2019.

We're looking forward to welcoming you to this parents evening.

With kind regards
